3. Where the balance in the Programme Account on the date of a scheduled disbursement is insufficient to make that disbursement, the Administrative Agent will consult with the Steering Committee and make a disbursement, if any, in accordance with the Steering Committee's decisions.

4. The Donor reserves the right to discontinue future deposits of its Contribution further to Annex B if there is: (i) failure to fulfil any obligations under this Arrangement, including those related to Section IX; (ii) if there are substantial revisions of the Joint Programme Document; or (iii) if there are credible allegations of improper use of the funds in accordance with Section VIII of this Arrangement; provided however that before doing so, the Administrative Agent, UNFPA, as the Convening Agent, the Steering Committee and the Donor will consult with a view to promptly resolving the matter.

Section III **Activities of the Participating UN Organization**

Implementation of the Programme

1. The implementation of the programmatic activities which the Donor assists in financing under this Arrangement will be the responsibility of the Participating UN Organizations and will be carried out by each Participating UN Organization in accordance with its own applicable regulations, rules, policies and procedures including those relating to procurement as well as the selection and assessment of implementing partners. 2. The Participating UN Organizations will carry out the activities for which they are responsible in line with the budget contained in the Joint Programme Document. Any modifications to the scope of the Joint Programme Document, including as to its nature, content, sequencing or the duration thereof by the concerned Participating UN Organization(s), will be subject to the approval of the Steering Committee. The Participating UN Organization will promptly notify the Administrative Agent through the

Steering Committee of any change in the budget as set out in the Joint Programme Document.

3. Indirect costs of the Participating UN Organizations recovered through programme support costs will be seven percent (7%). All other costs incurred by each Participating UN Organization in carrying out the activities for which it is responsible under the Programme will be recovered as direct costs.

4. The Participating UN Organizations will commence and continue to conduct operations for the Programme activities only upon receipt of disbursements as instructed by the Steering Committee.

5. The Participating UN Organizations will not make any commitments above the budgeted amounts in the Joint Programme Document.

6. If unforeseen expenditures arise, the Steering Committee will submit, through the Administrative Agent, a supplementary budget to the Donor showing the further financing that will be necessary. If no such further financing is available, the activities to be carried out under the Joint Programme Document may be reduced or, if necessary, terminated by the Participating UN Organizations.

7. As an exceptional measure, particularly during the start-up phase of the Programme, subject to conformity with their financial regulations, rules and policies, Participating UN Organizations may elect to start implementation of Programme activities in advance of receipt of initial or subsequent transfers from the Programme Account by using their own resources. Such advance activities will be undertaken in agreement with the Steering Committee on the basis of funds it has allocated or approved for implementation by the particular Participating UN Organization following receipt by the Administrative Agent of signed Administrative Arrangements from donors contributing to the Programme. Participating UN Organizations will be solely responsible for decisions to initiate such advance activities or other activities outside the parameters set forth above.

8. Each Participating UN Organization will establish appropriate programmatic safeguard measures in the design and implementation of its Programme activities, thereby promoting the shared values, norms and standards of the United Nations system. These measures may include, as applicable, the respect of international conventions on the environment, on children's rights, and internationally agreed core labour standards.

Special Provisions regarding Financing of Terrorism

9. Consistent with UN Security Council Resolutions relating to terrorism, including UN Security Council Resolution 1373 (2001) and 1267 (1999) and related resolutions, the Participants are firmly committed to the international fight against terrorism, and in particular, against the financing of terrorism. Similarly, the Participants and the Participating UN Organizations recognize their obligation to comply with any applicable

sanctions imposed by the UN Security Council. Each of the Participating UN Organizations will use all reasonable efforts to ensure that the funds transferred to it in accordance with the MoU are not used to provide support or assistance to individuals or entities associated with terrorism as designated by any UN Security Council sanctions regime. If, during the term of this Arrangement, a Participating UN Organization determines there are credible allegations that funds transferred to it in accordance with this Arrangement have been used to provide support or assistance to individuals or entities associated with terrorism as designated by any UN Security Council sanctions regime, it will as soon as it becomes aware of it inform the Steering Committee, the Administrative Agent and the Donor and, in consultation with the donors as appropriate, determine an appropriate response.

Section IV **Equipment and Supplies**

1. Ownership of equipment and supplies procured, and intellectual property rights associated with works produced, using funds transferred to the Participating UN Organization under the MoU, will be determined in accordance with the regulations, rules, policies and procedures applicable to such Participating UN Organization, including any agreement with the relevant Host Government, if applicable.

Section V **Reporting**

1. The Administrative Agent will provide the Donor and the Steering Committee with the following statements and reports, based on submissions provided to the Administrative Agent by each Participating UN Organization and the Convening Agent prepared in accordance with the accounting and reporting procedures applicable to it, as set forth in the Joint Programme Document:

- (a) Annual consolidated narrative progress reports, to be provided no later than five months (31 May) after the end of the calendar year;
- (b) Annual consolidated financial reports, as of 31 December with respect to the funds disbursed from the Programme Account, to be provided no later than five months (31 May) after the end of the calendar year;

- (d) Final consolidated financial report, based on certified final financial statements and final financial reports received from Participating UN Organizations after the completion of the activities in the approved

programmatic document/Joint Programme Document, including the final year of the activities in the approved programmatic document/Joint Programme Document, to be provided no later than five months (31 May) after the end of the calendar year in which the financial closing of the Programme occurs.

2. Annual and final reporting will be results-oriented and evidence based. Annual and final narrative reports will compare actual results with expected results at the output and outcome level, and explain the reasons for over or underachievement. The final narrative report will also contain an analysis of how the outputs and outcomes have contributed to the overall impact of the Programme. The financial reports will provide information on the use of financial resources against the outputs and outcomes in the agreed upon results framework.

3. The Administrative Agent will provide the Donor, Steering Committee and Participating UN Organizations with the following reports on its activities as Administrative Agent:

- (a) Certified annual financial statement (“Source and Use of Funds” as defined by UNDG guidelines) to be provided no later than five months (31 May) after the end of the calendar year; and

4. Consolidated reports and related documents will be posted on the websites of the Administrative Agent <https://aa.unfpa.org/>.

Section VI

Monitoring and Evaluation

Monitoring

1. Monitoring of the Programme will be undertaken in accordance with the Joint Programme Document. The Donor, the Administrative Agent and the Participating UN Organizations will hold consultations at least annually, as appropriate, to review the status of the Programme. In addition, the Donor, the Administrative Agent and the Participating UN Organizations will discuss any substantive revisions to the Programme, and promptly inform each other about any significant circumstances and major risks, including those related to Section IX, which interfere or threaten to interfere with the successful achievement of the outcomes outlined in the Joint Programme Document, financed in full or in part through the Contribution.

Evaluation

2. Evaluation of the Programme including, as necessary and appropriate, joint evaluation by the Participating UN Organizations, the Administrative Agent, the Donor, and other partners will be undertaken in accordance with the Joint Programme Document.

3. The Steering Committee and/or Participating UN Organizations will recommend a joint evaluation if there is a need for a broad assessment of results at the level of the Programme or at the level of an outcome within the Programme. The joint evaluation report will be posted on the website of the Administrative Agent <https://aa.unfpa.org/>.

4. In addition, the Donor may, separately or jointly with other partners, take the initiative to evaluate or review its cooperation with the Administrative Agent and the Participating UN Organizations under this Arrangement, with a view to determining whether results are being or have been achieved and whether contributions have been used for their intended purposes. The Administrative Agent and the Participating UN Organizations will be informed about such initiatives, will be consulted on the scope and conduct of such evaluations or reviews and will be invited to join. Participating UN Organizations will upon request assist in providing relevant information within the limits of their regulations, rules, policies and procedures. All costs will be borne by the respective Donor, unless otherwise agreed. It is understood by the Participants that such evaluation or review will not constitute a financial, compliance or other audit of the Programme including any programmes, projects or activities funded under this Arrangement.

Section VII Audit

External and Internal Audit

1. The activities of the Administrative Agent and each Participating UN Organization in relation to the Programme will be exclusively audited by their respective internal and external auditors in accordance with their own financial regulations and rules. The corresponding external and internal audit reports will be disclosed publicly unless the relevant policies and procedures of the Administrative Agent or each Participating UN Organization provide otherwise.

Joint Internal Audits

2. The Internal Audit Services of the UN organizations involved in the Programme may consider conducting joint internal audits thereof in accordance with the Framework for Joint Internal Audits of UN Joint Activities, including its risk-based approach and provisions for disclosure of internal audit reports related to the Programme. In doing so, the Internal Audit Services of the Administrative Agent and the Participating UN Organizations will consult with the Steering Committee.

3. The total costs of internal audit activities in relation to the Programme will be borne by the Programme.

Audits of Implementing Partners

4. The part of the Contribution transferred by a Participating UN Organization to its implementing partners for activities towards the implementation of the Programme will be audited as provided under that Participating UN Organization's financial regulations and rules, as well as its policies and procedures. The disclosure of the corresponding audit reports will be made according to the policies and procedures of that Participating UN Organization.

Section VIII **Fraud, Corruption and Unethical Behaviour**

1. The Participants are firmly committed to take all necessary precautions to avoid and address corrupt, fraudulent, collusive, coercive, unethical, or obstructive practices. The Administrative Agent and the Participating UN Organizations recognize that it is important that all United Nations staff, individual contractors, implementing partners, vendors and any third parties which are involved either in joint activities or in those of the Administrative Agent or Participating UN Organization (such individuals and entities being hereinafter referred to, together as the “Individuals/Entities”, and individually as the “Individual/Entity”) must adhere to the highest standard of integrity as defined by each relevant UN organization. To this end, the Administrative Agent and each Participating UN Organization will maintain standards of conduct that govern the performance of the Individuals/Entities, to prohibit practices which are contrary to this highest standard in any activity related to the Programme. If an Individual/Entity is a UN organization, the Participating UN Organization engaging that Individual/Entity will rely upon that Individual's/Entity's standard of integrity. The Individuals/Entities must not engage in corrupt, fraudulent, collusive, coercive, unethical, or obstructive practices, as defined below.

2. In this Arrangement,

(a) “Corrupt practice” means the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another individual or entity;

(b) “Fraudulent practice” means any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, an individual or an entity to obtain a financial or other benefit, or to avoid an obligation;

Investigations

3. (a) Investigations of allegations of wrongdoing by Individuals/Entities involved in the Programme which are contracted by the Administrative Agent or a Participating UN Organization will be carried out by the Investigation Service of the UN organization with which the potential subject of investigation is contracted (Administrative Agent or Participating UN Organization), in accordance with that UN organization’s internal policies and procedures.

(b)

(i) In the event that the Investigation Service of the Administrative Agent determines that an allegation in relation to the implementation of the activities for which the Administrative Agent is accountable is credible enough to warrant an investigation, the Administrative Agent will promptly notify the Steering Committee to the extent that such notification does not jeopardize the conduct of the investigation, including but not limited to the prospects of recovery of funds or the safety or security of persons or assets.

(ii) In the event that the Investigation Service of a Participating UN Organization determines that an allegation in relation to the implementation of the activities for which that Participating UN Organization is accountable is credible enough to warrant an investigation, it will promptly notify the Steering Committee and the Administrative Agent of the Programme, to the extent that such notification does not jeopardize the conduct of the investigation, including

but not limited to the prospects of recovery of funds or the safety or security of persons or assets.

(iv) In case of a credible allegation, the relevant UN organization(s) will take timely and appropriate action in accordance with its regulations, rules, policies and procedures, which may include withholding further disbursements to the Individual(s)/Entity(ies) allegedly involved in the corrupt, fraudulent, collusive, coercive, unethical or obstructive practices as defined above.

(c)

(i) The UN organization's Investigation Service reviewing the credibility of an allegation or conducting the investigation will share information as appropriate with counterpart Investigation Services of the other UN organizations involved in the Programme (Administrative Agent or Participating UN Organization) to determine the best path towards resolution of the investigation and whether the alleged wrongdoing is limited to such UN organization or whether one or more other UN organizations involved in the Programme (Administrative Agent or one or more Participating UN Organizations) may also be affected. If the relevant Investigation Services determine that more than one UN organization could be affected by the alleged wrongdoing, they will follow the procedure described below in clause (ii).

(ii) Where a potential subject of an investigation is contracted by more than one UN organization involved in the Programme, the Investigation Services of the UN organizations concerned (Administrative Agent or Participating UN Organization) may consider conducting joint or coordinated investigations, determining which investigation framework to use.

(d) Upon completion of the internal reporting on their investigation by the Participating UN Organization(s) concerned as established in their respective internal policies and procedures, the Participating UN Organization(s) will provide information on the results of their investigation(s) to the Administrative Agent and the Steering Committee. In the case of the Administrative Agent, upon completion of its internal reporting, it will provide the information on the results of its investigation to the Steering Committee. Following such receipt of information on the results of the investigation(s), it is the responsibility of the Steering Committee and the Administrative Agent to communicate promptly with the relevant anti-fraud offices (or equivalent) of the Donor.

(e) Each UN organization(s) concerned (Administrative Agent or Participating UN Organization) will determine what disciplinary and/or administrative measures, including referral to national authorities, may be taken

The Administrative Agent will share information on measures taken as a result of its own investigation with the Steering Committee. Following such receipt of information on measures taken as a result of the investigation(s), it is the responsibility of the Steering Committee and the Administrative Agent to communicate promptly with the relevant anti-fraud offices (or equivalent) of the Donor.

Recovery of Funds

4. If there is evidence of improper use of funds as determined after an investigation, the UN organization(s) concerned (Administrative Agent or Participating UN Organization) will use their best efforts, consistent with their respective regulations, rules, policies and procedures to recover any funds misused. With respect to any funds recovered, the Participating UN Organization will consult with the Steering Committee, the Administrative Agent and the Donor. The Donor may request that such funds be returned to it in proportion to its Contribution to the Programme, in which case the Participating UN Organization would credit that portion of the funds so recovered to the Programme Account and the Administrative Agent would return that portion of such funds to the Donor in accordance with Section XI, paragraph 6. For any such funds the Donor does not request to be returned to it, such funds will either be credited to the Programme Account or used by the Participating UN Organization for a purpose mutually agreed upon.

5. The Administrative Agent and the Participating UN Organizations will apply the provisions of Section VIII, paragraphs 1 to 4 above in accordance with their respective accountability and oversight framework as well as relevant regulations, rules, policies and procedures.

Section IX

In assessing the reasonableness of expectations or perceptions, the perspective of the person who is the target of the conduct shall be considered.
3. Investigation and reporting:
- (a) Investigation:
 - (i) Investigations of allegations of Sexual Exploitation and/or Sexual Abuse arising in programmatic activities funded by the Fund, will, where appropriate, be carried out by the Investigation Service of the relevant Participating UN Organization in accordance with its rules, regulations, policies and procedures. Where the implementing partner of that funded activity and its responsible parties, sub-recipients and other entities engaged to provide services in relation to programmatic activities are UN Organizations, investigations of such allegations will be carried out by the Investigation Service of the relevant UN Organization in accordance with their rules, regulations, policies and procedures. In cases where the relevant Participating UN Organization is not conducting the investigation itself, the relevant Participating UN Organization will require that the implementing partner of that funded activity and its responsible parties, sub-recipients and other entities engaged to provide services in relation to programmatic activities, investigate allegations of Sexual Exploitation and Sexual Abuse credible enough to warrant an investigation.

(ii) The Participating UN Organizations that do not participate in the Report will promptly notify the Steering Committee, the Administrative Agent of the Fund and the Donors of allegations of Sexual Exploitation and/or Sexual Abuse received/under investigation by any such Participating UN Organization through their normal method of reporting of such matters to their relevant governing bodies.

(c) Reporting on credible allegations and measures taken following an investigation:

(ii) In those cases where the respective Participating UN Organization determined that a case would have significant impact on a Participating UN Organisation's partnership with the Fund and/or with the Donor(s), the Participating UN Organization(s) will promptly provide information containing the level of detail as found in the Report, on the results of their investigation(s) or the investigations conducted by its implementing partners that they are aware of, with respect to the cases in the Report relating to the activities funded by the Fund, which resulted in a finding of Sexual Exploitation and/or Sexual Abuse, to the Administrative Agent and the Steering Committee Chair. Following such receipt of information on the results of the investigation(s), it is the responsibility of the Administrative Agent to communicate promptly with the relevant integrity / investigation offices (or equivalent) of the Donor.

2. This Arrangement may be modified only by written agreement between the Participants.
3. This Arrangement may be terminated by either Participant on thirty (30) days written notice to the other Participant, subject to the continuance in force of paragraph 4 below for the purpose therein stated.
4. Notwithstanding the termination of this Arrangement, the amount of the Contribution transferred to the Administrative Agent up to and including the date of termination of this Arrangement will continue to be used to support the Programme until completion of the Programme, at which point, any remaining balances will be dealt with according to paragraph 5 below.
5. Any balance remaining in the Programme Account upon completion of the Programme will be used for a purpose mutually agreed upon or returned to the Donor in proportion to its contribution to the Programme as decided upon by the Donor and the Steering Committee.

ANNEX A

JOINT PROGRAMME SUMMARY DESCRIPTION

UNFPA, the United Nations Fund for Population Development, and UNICEF, the United Nations Children's Fund, through the *Joint Programme on the Elimination of Female Genital Mutilation (FGM): Accelerating Change*, have over the past twelve years actively contributed to the accelerated elimination abandonment of FGM globally. In the Joint Programme's phase IV (2022-2030), UNFPA and UNICEF implement an ambitious, evidence-driven and rights-based programme, building on the successes of the previous phases and outlining bold, specific actions that is delivered through strategic partnerships and coalitions for more impactful programmes to eliminate FGM by 2030.

Beneficiaries

Direct beneficiaries are girls and women at risk of (68 million) or affected by (200 million) FGM, as well as their families, communities, and local and national institutions, particularly in the 17 targeted countries¹⁰ in Africa and the Middle East, and especially in hard-to-reach areas.

Expected results

The Joint Programme's ultimate outcome (impact) is to contribute to ending FGM by 2030 through accelerated collective and multi-sectoral action by mobilizing a broad spectrum of actors at community, national, regional and global levels.

MEDIUM-TERM OUTCOME 1:

Empowered girls and women know and claim their rights to their bodily autonomy and, together with their families and communities, contribute to social and gender norms change.

Output 1.1 - Girls and women in targeted communities have new or enhanced knowledge, skills, and critical awareness of their rights, accessing justice, and in relation to gender roles and relationships.

Output 1.2 - Regional, national and local youth global movement, feminist and women's entrepreneurs, including grass roots and community-based organizations, government and non-governmental bodies and community members, are engaged by a common movement through multi-stakeholder platforms, coalitions, alliances and accountability mechanisms at the global, regional, national and local levels to advocate for and scale up commitments to inclusive FGM elimination, including for those furthest behind.

Output 1.3 - Gate keepers, parents and families, traditional and religious leaders, and other community influencers (M/F) have increased awareness and in-depth understanding of the harmful effects of FGM and its role in perpetuating gender inequality.

¹⁰ Burkina Faso, Djibouti, Egypt, Eritrea, Ethiopia, The Gambia, Guinea, Guinea Bissau, Kenya, Mali, Mauritania, Nigeria, Senegal, Somalia, Sudan, Uganda and Yemen.

Communities demonstrate increased collective efficacy and motivation to shift the social norms perpetuating harmful practices and create an enabling environment for change.

MEDIUM-TERM OUTCOME 2:

Girls and women access a comprehensive package of high-quality, gender-responsive and age-appropriate services from relevant sectoral systems and institutions.

Output 2.1 - Education, health and sexual and reproductive health and rights and child protection systems and institutions have increased capacity to mainstream FGM and deliver coordinated and integrated quality services that prevent from and respond to FGM during development, humanitarian and peace building.

MEDIUM-TERM OUTCOME 3:

Government and other duty-bearers demonstrate increased accountability for resourcing and implementing multi-sectoral policies, laws and frameworks to provide prevention and response for women and girls at risk of and affected by FGM.

Output 3.1 - Regional accountability mechanisms for ensuring increased regional and national commitment to end FGM are strengthened.

Output 3.2 - Enhanced capacity of governments and local authorities to coordinate the enactment, implementation, including budgeting, and enforcement of legal frameworks to prevent FGM and provide protection to women and girls at risk and those who have survived FGM.

Output 3.3 - Governments and civil society, including grassroots, organizations, demonstrate increased capacity for knowledge co-creation and evidence generation to inform human-rights-based policies, laws and programmes that address gender inequalities and harmful practices.

Gender situation

FGM (sometimes referred to as female genital cutting to avoid stigmatization in affected communities) is widely recognized as a violation of human rights and a form of sexual and gender-based violence. Its prevention is crucial to the attainment of women's rights, including their health and bodily integrity, contributing to readdressing gender inequality. More than 200 million girls and women living today (aged 15-49) are estimated to have experienced FGM, and at least 68 million more are at risk of being mutilated by 2030. Multiple, concurrent crises are exacerbating the incidences of FGM and impeding progress towards the Agenda 2030 target 5.3 to end FGM by 2030. Humanitarian crises and conflict are limiting access to response and prevention initiatives, and leading to underground and cross-border FGM. COVID-19 lockdown measures have meant that FGM practices have remained undetected, and women's and girls' access to sexual and reproductive health care has been impeded. The potential immediate complications of FGM include severe pain, shock, haemorrhaging, infection, ulceration and septicemia – sometimes severe enough to cause death. Long-term consequences can include complications in subsequent childbirth, anaemia, cysts, abscesses, scarring, urinary

incontinence, sexual dysfunction, increased risk of HIV transmission, and psychological effects.

Environmental considerations

This project will have no environmental impact.

Joint Programme Management Arrangements

The Programme, jointly developed by the two agencies in consultation with local governments, civil society organizations and youth, will be implemented through a joint management and implementation structure. The Programme will be implemented by UNFPA and UNICEF applying the rules and procedures for implementation, monitoring and evaluation of Joint Programmes as defined by the UNDG guidance. Both agencies utilize internationally recognized standards for management of finances and procurement processes. As the administrative lead of the Joint Programme, UNFPA will be responsible for signing a memorandum of understanding with UNICEF for Phase IV, while negotiating and signing a standard administrative arrangement with, and receiving financial contributions from, donors.

Governments, international organizations and non-governmental organizations (NGOs) will be eligible to apply for funding from the Joint Programme. Government partners and national CSOs may receive funding at the country level, while international CSOs can receive funding via their headquarters.

The Joint Programme Steering Committee

The Joint Programme will have a Steering Committee with oversight responsibility for the overall management and functioning of the programme. Members include UNICEF, UNFPA, three beneficiary countries on a rotational basis (one from each region) and donors. The Steering Committee will be co-chaired by the Director of the Technical Division of UNFPA and the Director of the Programme Division of UNICEF.

The committee will review and approve the Joint Programme documents, including the monitoring and evaluation (M&E) framework and the overall implementation of the Joint Programme, on a semi-annual basis. In addition, the committee will review and approve annual consolidated narrative and financial reports, the terms of reference for the evaluation exercise and the evaluation findings and will follow up on the implementation status of accepted recommendations from the evaluation. Furthermore, it will support advocacy with regional political structures, national governments and civil society actors to enhance their commitments and accountability in order to eliminate the practice of FGM and mobilize resources for the Joint Programme.

The Steering Committee will hold bi-annual meetings. As much as possible, the Steering Committee will reach a decision by consensus as a preferred way of working. However, if a situation dictates it, decisions can also be reached by voting to adopt the option supported by the majority. Only one representative of any donor agency can cast a vote at a Steering Committee meeting. An annual field visit to a country of implementation of

the Joint Programme will be organized for all Steering Committee members, with programme countries being visited on a rotational basis.

In such instance, DFATD and the Administrative agent will discuss and determine in good faith an appropriate course of action, including reallocation of remaining funds, or termination of this Arrangement, as per paragraph XI of this SAA, to ensure that none of the DFATD's funds will benefit such implementing partners.
