Item 8 of the provisional agenda

UNFPA – Annual report of the Executive Director

UNITED NATIONS POPULATION FUND

Statistical and financial review, 2011*

Report of the Executive Director

Summary

In 2011, total revenue to UNFPA was \$929.1 million, including \$484.0 million in regular resources revenue. Increased and predictable core resources are necessary to enable UNFPA to deliver its programmes to help countries attain the goals of the International Conference on Population and Development (ICPD) and the Millennium Declaration, including achieving universal access to reproductive health by 2015.

Regular resource contribution revenue decreased by \$47.4 million, or 9.5 per cent, from 2010 to 2011 as reflected in annex 1, table 19. From 2010 to 2011, total revenue to UNFPA increased by \$52.4 million, or 6.0 per cent, to \$929.1 million due to increases in co-financing revenue of \$96.0 million and in other revenue of \$3.9 million, offset by a decrease in regular resource revenue of \$47.4 million.

UNFPA will continue to focus its programme delivery on supporting and promoting national ownership and capacity-building. With respect to the funding base, UNFPA will continue focusing on increasing and achieving greater stability and predictability in contributions to regular resources, which are the foundation and bedrock of the Fund's operations.

In 2011, total expenses increased by \$0.6 million from \$823.9 million in 2010 to \$824.5 million in 2011.

The balance of unexpended regular resources at the end of 2011 after adjustment for staff benefits and other reserves was \$49.8 million (in 2010 it was \$59.7 million). This amount is 11.0 per cent of regular resources contribution revenue of \$450.7 and is available for programming in 2012. The operational reserve was decreased in accordance with applicable UNFPA Financial Regulations and Rules.

A recommendation is contained in section V of the present document.

UNFPA closed the year 2011 in robust financial health.

Introduction

1. The Statistical and financial review, 2011, provides summary information on UNFPA revenue and expenses for the year, and on assets, liabilities and fund balances at 31 December 2011. This information is provided for activities funded by both regular and other resources. All figures in the present document are provisional, subject to external audit, and may not add up to the totals due to rounding.
2. The statements “Revenue and expenses for the year ended 31 December 2011” are provided in annex 1, table 19, for regular, other and total resources, and in annex 1, table 20, for other resources by category. The statement “Assets, liabilities and fund balances for the year ended 31 December 2011” is provided in annex 1, table 21, for regular, other and total resources. The “Statement of changes in net assets for the year ended 31 December 2011” for regular and other resources is provided in annex 1, table 22.
3. The 2011 figures are presented in accordance with three new accounting policies: all contribution revenue is now recognized on an accrual basis; third-party procurements are accounted for as an agency transaction; and interest revenue is retained in regular resources, except in the case of some legacy funds.

I. TOTAL RESOURCES

A. Revenue

4. Total revenue to UNFPA in 2011 was \$929.1 million (in 2010 it was \$876.7 million), comprising contribution revenue of \$890.5 million (in 2010 it was \$841.9 million), and other revenue of \$38.7 million (in 2010 it was \$34.8 million).
5. Total contribution revenue for the last five years can be summarized as follows:

Expenses have been stated in line with expense categories used in the biennial support budget, 2010-2011 (DP/FPA/2009/10).

24. Gross BSB appropriations for the 2010-2011 biennium were 92.9 per cent utilized as of 31 December 2011, i.e., gross expenditures of \$255.0 million at end of 2011 against appropriations of \$274.5 million. Annex 1, table 26, provides a trend analysis of gross biennial support budget expenses. In accordance with Executive Board decision 2009/26 on the estimates for the UNFPA biennial support budget, 2010-2011, information is provided in table 27: Integrated resource plan, 2010-2011, on actual financial performance during the biennium.

25. **Personnel.** As of 1 January 2011, the number of budget posts totalled 1,125, comprising 564 Professional (including 276 national programme officer posts) and 561 General Service posts. The total includes 116 Professional and 89 General Service posts at headquarters; 57 Professional and 46 General Service posts in regional/subregional offices; and 391 Professional and 426 General Service posts in country offices. The percentage of women among UNFPA Professional staff on posts funded under the biennial support budget at headquarters and in the field was 42 per cent in 2011, one of the highest percentages among United Nations agencies and organizations. Moreover, in 2011, nine of the 20 members of the Fund's Executive Committee were women.

D. Reorganization, implementation of the enterprise resource planning system and the International Public Sector Accounting Standards

26. Expenses of \$2.8 million were incurred in connection with the one-time cost of reorganization. The revised total estimated cost approved by the Executive Board in its decision 2009/26 is \$24.4 million. Expenses amounting to \$19.8 million had been incurred at the conclusion of the reorganization activities in 2011.

27. Expenses of \$1.6 million were incurred for the enterprise resource planning (ERP) system and \$1.3 million for implementation of the International Public Sector Accounting Standards (IPSAS) in the year ended 31 December 2011 (in 2010 it was \$1.8 million for ERP and \$2.2 million for IPSAS, respectively). Cumulative expenses since inception total \$32.1 million against total development costs for ERP and IPSAS implementation approved by the Executive Board in the amount of \$34.4 million.

E. Fund balances and reserves

28. The balance of unexpended regular resources at the end of 2011 after adjustment for staff benefits and other reserves was \$49.8 million (in 2010 it was \$59.7 million). This amount is 11.0 per cent of regular resources contribution revenue and is available for programming in 2012. Annex 1, table 28, delineates the movements in reserves and fund balances.

29. At 31 December 2011, the operational reserve was decreased to \$90.7 million (in 2010 it was \$98.2 million). This amount equals 20 per cent of the 2011 net regular resources contributions revenue, in accordance with UNFPA Financial rule 115.1.

III. OTHER RESOURCES

A. Revenue and expenses

30. Total revenue to other resources during the year was \$445.1 million (in 2010 it was \$345.2 million) comprising contributions of \$439.8 million (in 2010 it was \$343.8 million). Other revenue was \$5.3 million (in 2010 other revenue was \$1.4 million). They exclude the resources set aside for regionalization, security, International Public Sector Accounting Standards (IPSAS) and enterprise resource planning (ERP), procurement, and the private endowment trust, as well as the unfunded After-Service Health Insurance (ASHI) and staff benefits liability.

b/ Programmes - gross reflects total programme expenses as per paragraph 9; the cost recovery is credited to provide Programmes - net amounts and thus enable the comparison with the estimates in the budget document.

c/ Gross and net biennial support budget as per Section II C of this document.

d/ Amounts under 2010-2011 Estimates reflect net additional expenses approved in decision 2009/26. Amounts under 2010-2011 Actuals reflect gross expenses incurred during the biennium.

e/ includes net movements of balances for security reserve, IPSAS and ERP, headquarters relocation, regionalization, reserve for field accommodation, as well as the ASHI funding.

f/ Closing regular resources balance includes only programmable funds. The net difference between the programmable balance per this schedule (\$49.8 million) and Table 28 (\$10.0 million) is \$39.8 million, details of which are shown in the analysis.
