

OUR PARTNERSHIP

A commitment to flexible funding

As one of our top 15 core donors, Australia plays a pivotal role in advancing our mission of leaving no one behind and ensuring equal opportunities and rights for all. By prioritising flexible core funding, Australia ensures that UNFPA can plan ahead, build long term relationships and play a global normative role as an advocate for sexual and reproductive health.

Partnering for the Pacific

Women and girls in the Pacific face particular vulnerabilities due to pervasive inequalities as well as insecurity resulting from natural and climate-related disasters. Together, UNFPA and Australia are building resilience and hope for the future of women and girls in the Pacific by strengthening human rights-based training to support the provision of sustainable and quality family planning services.

Allies amid adversity

At the onset of a crisis, women and girls face immense challenges. Through core funding UNFPA is able to build preparedness and respond with urgency in a crisis. As one of UNFPA's top humanitarian donors, Australia's support offers hope to vulnerable communities by providing life-saving assistance. Flexible humanitarian support enables the delivery of sexual and reproductive health services and gender-based violence prevention and response.

ABOUT UNFPA

UNFPA is the United Nations sexual and reproductive health agency. Our mission is to deliver a world where every pregnancy is wanted, every childbirth is safe and every young person's potential is fulfilled.

All UNFPA funding is voluntary – we rely on partners and donors like you to champion our mission and support our programmes!

Our three transformative results:

end preventable maternal deaths

end the unmet need for family planning

end gender-based violence and all harmful practices
