

OUR PARTNERSHIP

A global force for health and equality

The European Union (EU) through Global Gateway and Team Europe initiatives is a strong political and financial partner of UNFPA. Thanks to the EU, UNFPA provides sexual and reproductive health care to millions of women and girls and helps ensure equal access to protection.

A partner in times of crisis

UNFPA and the EU work together to reach all women and girls in need, offering support before, during, and after humanitarian crises in 14 countries, and ensuring that humanitarian responses include services for sexual and reproductive health and gender-based violence.

European Union funding makes a difference

In Ukraine, the EU supports UNFPA's mobile clinics and helps survivors of gender-based violence, including sexual violence. Through the Instrument for Pre-Accession Assistance, UNFPA and its local partners challenge gender stereotypes and promote positive masculinity in EU candidate countries. In Venezuela, with EU assistance, UNFPA ensures indigenous women and girls have access to essential services. In Moldova, UNFPA and the EU support the government in organizing the national census.

ABOUT UNFPA

UNFPA is the United Nations sexual and reproductive health agency. Our mission is to deliver a world where every pregnancy is wanted, every childbirth is safe and every young person's potential is fulfilled.

All UNFPA funding is voluntary – we rely on governments and other partners to support our programmes.

Our three transformative results:

end preventable maternal deaths

end the unmet need for family planning

end gender-based violence and all harmful practices

UNFPA and the European Union

A partnership for women and girls

The European Union's support to UNFPA means more women and girls worldwide are empowered to realize their full potential while being shielded from violence and harm.

See how the European Union is making a difference.
