

OUR PARTNERSHIP

A commitment to flexible funding

Core funding allows UNFPA to plan ahead and play a global normative role in advocating for sexual and reproductive health and rights. These flexible resources help us deliver long-lasting results that promote, protect and fulfill human rights. As one of our leading core donors, Finland empowers UNFPA to mount a nimble response to complex crises and deliver long-lasting results that promote, protect and fulfill human rights, and achieve transformative results.

Fostering innovation

Finland's support enables UNFPA to champion innovation as a force for good, to identify, support and center innovation at every level. Together, we harness innovation and technology to meet the evolving needs of women and girls and ensure access to sexual and reproductive health and rights for all.

Leaving no one behind

UNFPA and Finland work together to challenge discriminatory norms, address gender-based violence and eliminate harmful practices that deny women and girls their rights, choices, and opportunities to thrive. In Tanzania, this partnership focuses on equipping adolescent girls with the tools and opportunities to participate fully in society and live free from violence.

ABOUT UNFPA

UNFPA is the United Nations sexual and reproductive health agency. Our mission is to deliver a world where every pregnancy is wanted, every childbirth is safe and every young person's potential is fulfilled.

All UNFPA funding is voluntary – we rely on partners and donors like you to champion our mission and support our programmes!

Our three transformative results:

end preventable maternal deaths

end the unmet need for family planning

end gender-based violence and all harmful practices
