

OUR PARTNERSHIP

Flexible resources for high-impact results

Germany's flexible contributions enable UNFPA to act with foresight and agility where needs are greatest. In 2024, Germany was UNFPA's second-largest core donor and supported key initiatives like the Maternal and Newborn Health Fund, the UNFPA Supplies Partnership, and the Joint Programme to Eliminate FGM, ensuring quality care for mothers and newborns, freedom of reproductive choice for women and adolescent girls, and protection from gender-based violence and harmful practices.

Spearheading critical emergency response

Through core and humanitarian funding, including to the Humanitarian Thematic Fund, Germany helped UNFPA deliver life-saving services to millions of vulnerable women, girls, and young people, bringing direct assistance and care in crisis settings.

Driving women's health innovations

Germany is helping close global gaps in sexual and reproductive health research and development through financial support to the Equalizer Accelerator Fund and political advocacy for the Equity 2030 Alliance, and WomenX Collective.

ABOUT UNFPA

UNFPA is the United Nations sexual and reproductive health agency. Our mission is to deliver a world where every pregnancy is wanted, every childbirth is safe and every young person's potential is fulfilled.

All UNFPA funding is voluntary – we rely on partners and donors like you to champion our mission and support our programmes!

Our three transformative results:

end preventable maternal deaths

end the unmet need for family planning

end gender-based violence and all harmful practices

UNFPA and Germany

A partnership for women and girls

Germany's steadfast support to UNFPA means more women and girls worldwide are empowered to realize their full potential while being shielded from violence and harm.

Discover how Germany is making an impact.

RESULTS FOR RESOURCES IN 2024

1,400

maternal deaths averted

659,900

unintended pregnancies prevented

276,900

unsafe abortions prevented

525,600

women and young people reached
with sexual and reproductive
health services
