

# OUR PARTNERSHIP

## Partners at core

In 2024, the Netherlands ranked as the fourth largest donor to UNFPA core resources, thereby strengthening UNFPA's capacity to operate with foresight, flexibility, and agility. This level of predictability and adaptability is indispensable for UNFPA to fulfil its mandate and deliver lasting impact for women, girls, and young people worldwide.

## Ensuring freedom of choice

The UNFPA Supplies Partnership is the world's largest provider of donated contraceptives, enhancing health systems, improving supply chains, and expanding access to contraceptives and maternal health medicines. The Netherlands has been a steadfast supporter of this initiative, promoting family planning through improved agency, choice, and access.

## Elevating the voice of young people

The Netherlands champions youth participation in development and humanitarian efforts, recognizing their pivotal role in shaping a more equitable future. This commitment was evident through its support for the 2024 ICPD30 Global Youth Dialogue, which provided a vital platform for young voices to inform policy and action.

## ABOUT UNFPA

UNFPA is the United Nations sexual and reproductive health agency. Our mission is to deliver a world where every pregnancy is wanted, every childbirth is safe and every young person's potential is fulfilled.

All UNFPA funding is voluntary – we rely on partners and donors like you to champion our mission and support our programmes!

## Our three transformative results:

end preventable maternal deaths

end the unmet need for family planning

end gender-based violence and all harmful practices
