

OUR PARTNERSHIP

Long-term partners for long-lasting impact

As our leading core donor and third-largest resource partner, the Government of Norway is enabling UNFPA to advance the rights and choices of women and girls worldwide. Core funding empowers UNFPA with the agility to mount a nimble response to complex crises. As our third-largest humanitarian contributor, Norway's commitment extends further, ensuring swift emergency responses for the furthest left behind.

Partners for education

Millions of young people lack access to comprehensive sexuality education, leaving them vulnerable to coercion, abuse, sexually transmitted infections and unintended pregnancy. Norway's support of comprehensive sexuality education programmes means more young people, including the most vulnerable, gain agency over their bodies and their futures.

Advocates for youth

Norway is a staunch supporter of UNFPA's work on adolescent and youth sexual and reproductive health and rights. Together, we are making progress to eliminate harmful practices such as female genital mutilation, child marriage and son preference. Norway's contributions provide hope for a future where every young person can flourish.

ABOUT UNFPA

UNFPA is the United Nations sexual and reproductive health agency. Our mission is to deliver a world where every pregnancy is wanted, every childbirth is safe and every young person's potential is fulfilled.

All UNFPA funding is voluntary – we rely on partners and donors like you to champion our mission and support our programmes!

Our three transformative results:

end preventable maternal deaths

end the unmet need for family planning

end gender-based violence and all harmful practices
